

The Greater Springfield ElderGuide 2018 **Reserve Ad Space Now!**

Nearly all 8,800 copies of our ***Greater Springfield ElderGuide*** resource directory are gone, and to meet the high demand for it, we are rushing to produce an updated version for 2018.

The ***Greater Springfield ElderGuide*** is packed with over 50 pages of useful information ranging from home care and health insurance to public benefits, housing options, and caregiver support services. *It has a two-year shelf life* and is used over and over by:

- **Discharge Planners** seeking home care options
- **Caregivers** needing respite or home care products & services
- **Children With Aging Parents** seeking housing or care options
- **Seniors** needing financial assistance
- **Professionals Working With Seniors** for client referral purposes

The ***Greater Springfield ElderGuide*** is distributed via health fairs and senior fairs, local libraries, and at in-service trainings we provide to other agencies. It is also distributed through our information and referral department, and given to caregivers and their families. It will also be available on our website.

For more information, contact Karen Martin, 413-781-8800 ext. 140, or by email: karen.martin@gsssi.org .
