

# STATE HOME CARE PROGRAM

Getting older can make daily tasks more difficult, especially when health or memory changes come into play. Our State Home Care Program offers state-funded support to help older adults stay safe and independent at home. Our caring Case Managers will work with you to create a care plan that fits your needs and connects you with trusted services to make life a little easier.

The State Home Care program coordinates your customized care plan of services that make staying in your home a reality, even for those who thought nursing home care was the only option. Our consumers service plans may include but are not limited to:

## Eligibility & Cost

Consumers must be 60 or older, or under 60 with Alzheimer’s disease or related dementia. Services are based on assessed daily living needs and are priced according to state guidelines. Some services may be available at little to no cost, depending on income.

## How It Works

GSSSI Case Managers and Registered Nurses offer a free, in-home assessment, create a customized care plan, and coordinate services with contracted provider agencies. Ongoing resource information and service monitoring are also provided.
